In Santa Fe:

From the intersection of St. Francis and Agua Fria, turn west on Agua Fria (downhill, downstream). Go two short blocks on the left only to Franklin Avenue.

You'll see the new healing center with many offices with signs like "Hannah's Healthy Nails" and "Fran G: A Green Organic Studio". At the 501 Franklin (the old massage school - NMAHA – New Mexico Academy of Healing Arts) on the far left corner as you turn.

My home office is the fourth house on the right from the corner building, with the coyote fence, cedar gates and violet front door.

From Albuquerque:

North on I-25. Off at Cerrillos Road or St. Francis exits. North on Cerrillos Road or St. Francis for several miles to the big intersection of Cerrillos and St. Francis (with the Railrunner tracks.). Head north on St. Francis. Two traffic lights north is Agua Fria. Left on Agua Fria, and then two short blocks to the left is Franklin Avenue.

Then follow the directions above.

Parking is more difficult recently:

You may park in front of my home (please leave room for two cars by the curb), or in my driveway. If there is no parking in those three spots, you may use the curb spots across the street. If necessary you can also park in front of the house toward Hickox (south).

Upon Arrival:

My "waiting room" is just outside my violet-colored front door... a patio with a roof. There is a sign that says either "Come On In" or "Please wait outside....."

In cold or inclement weather you may wait in your car. I'll open the door (and come out to get you as needed) when I'm ready for you.
